

Chairman's Report

Another successful year with all competitions running pretty smoothly and with increased entries.

Tricky in places with the committee changeovers and a transition period with competition secretary but we found a way through

Thanks to everyone for all their efforts in getting things done, and continued assistance from Donna and Maddy is very much appreciated. Ray, and Laura have done a grand job getting to grips with entries and timetables too.

Some fab new trophy designs courtesy of Alison which have been well received, and thanks so much to Laura for taking over from Jackie so effectively and keeping us all organised.

Also it was great to have the additional funds this year to provide a gesture to our 4 representatives at the British championships. Hopefully we can continue with this in the future and support with fundraising for other competitions as well.

Even with a new family addition Olga has kept our finances in check.

We have been lucky to get everything done that we have with such a busy committee outside of club duties, and have some areas to focus on for next year including fundraising, Christmas party planning and adding to our numbers.

Overall a positive year, but essentially we need a larger committee for the challenges of 2016 and it would be great to add to our numbers.
